“I want the principles I believe in—affirming limited government, individual liberty, a competitive economy and policies that favor the future—to far outlast my own reach. I want our children to live under the rule of law and not under the rule of rulers. That’s why I’m investing in the Independent Institute by becoming a member of its **Safe Harbor Legacy Society**. I invite all those who care about the future of liberty and the rule of law to join me.”

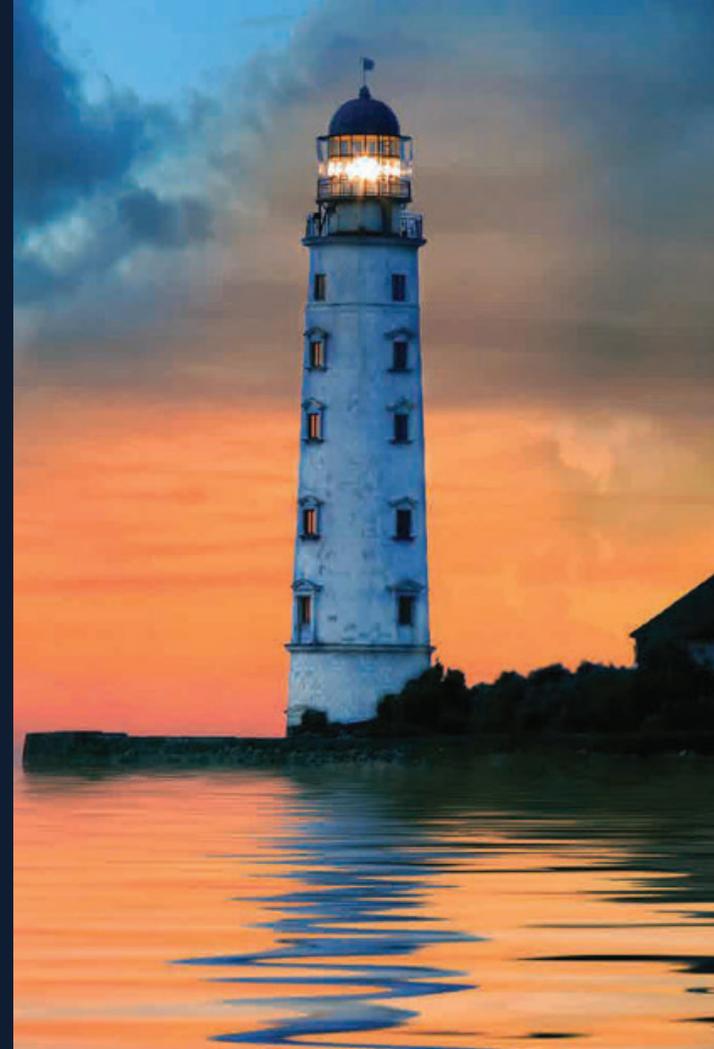

The Power of Independent Thinking

For more than three decades, the Independent Institute has shaped ideas into profound and lasting impact through publications, conferences, and effective multimedia programs. Applying independent thinking to issues that matter, we create transformational ideas for today's most pressing social and economic challenges. By connecting these ideas with impactful organizations and networks, together we inspire action that can unleash an era of unparalleled human flourishing at home and around the globe.
